## **Eligible Schools and Scholarship Disbursements**

### **What schools are eligible to accept your scholarship?**

An AAA scholarship may be used for tuition-only at a qualified school. A qualified school:

- is a preschool that offers services to students with disabilities; OR
- is a non-governmental primary, secondary or private school that is located in Arizona and that does not discriminate based on race, color, disability, familial status or national origin; AND
- requires that all teaching staff and personnel that have unsupervised contact with students are fingerprinted; AND
- is not a charter school or any program operated by a charter school

### **What does a school need to do to become a qualified school and accept your scholarship?**

A school must confirm that they meet all of the state's requirements to be a qualified school (listed above) when they sign an eligible AAA scholarship student's School Commitment Form

### **Can an AAA scholarship student receive funds from more than one STO?**

If a student accepts a scholarship from AAA, then they may not also accept an award from another STO for the same period. Also, if you are approved to receive ESA money from the state, you are not allowed to accept a scholarship from AAA. You can only accept one or the other.

### **When are scholarship payments distributed to schools?**

Scholarship checks are mailed to the school 4 times per year. Parents are responsible for restrictively endorsing the check over to the school before it can be deposited by the school. Scholarship checks may not leave the school property.

### **What happens if my child receives an award but transfers to another school?**

If your child transfers to another private school, that's okay! Bring a copy of the blank School Commitment Form (SCF) that you received from AAA with your award letter to the new school, have them complete it and email it to us at [azdocs@aaascholarships.org](mailto:azdocs@aaascholarships.org).
