

### 2019- 2020 Household Income/Financial Resources Table - Florida

AAA considers ALL household members and their income. To figure out your household size, add all the people you live with together, this is your household size. Now add ALL the annual earnings (before tax) for everyone in the household, this is your total annual income. Use these two numbers to look at the income chart below for your household size and income.

*Note: Any business losses must be adjusted to zero and therefore the total income will be adjusted accordingly to determine household eligibility.*
