Find out what your vision plan covers.

Eye exam.

Your plan includes a fully covered exam. A copay may apply.

Your plan uses Spectera Eyecare Networks, a national network of eye doctors, which includes optometrists and ophthalmologists. They are located at both private practice and retail settings. Network eye doctors can help save you money.

Frame allowance.¹

When you use a network provider, you have an allowance you can use to help buy any frame your eye doctor offers.

Contact lens benefit.¹

You get contact lenses, a fitting and up to two follow-up visits. Choose from popular brands, including some that are fully covered.

Lens options.¹

Popular lens options are available to you at price-protected amounts. Plus, standard scratch coating and polycarbonate lenses for dependent children are available at no cost.

Additional pairs of glasses.

Certain providers will offer a 20% discount on additional pairs of eyeglasses, including prescription sunglasses.

Schedule your annual eye exam.

Regular visits to an eye doctor can help keep your eyes healthy and improve your overall health.

If you get headaches, eyestrain or blurry vision, it may be time for new glasses. In some cases, medications can cause these issues, but symptoms may be a sign of a more serious problem. An eye exam can help find any underlying causes.

Get a complete eye exam.

A dilated exam lets your doctor look inside your eye and check your eye health. The exam can also show early signs of illness, even before other parts of your body are affected.

At your appointment, be sure to:

- State that you have vision insurance with UnitedHealthcare.
- Give your name and date of birth, or
- Show your vision ID card so the provider can verify your benefits.

Use your ID card.

You don't need your ID card to use your benefits, but it can help your eye doctor know how to bill for services. Access your ID card from your computer or mobile device at myuhcvision.com.
