#### 2021- 2022 Household Income/Financial Resources Table - Florida

AAA considers ALL household members and their incomes. To figure out your household size, add all the people you live with together, this is your household size. Now add ALL the annual earnings and assistance received (before tax) for everyone in the household, this is your total annual income. Use these two numbers to look at the income chart below for your household size and income.

*Note: Any business losses will be adjusted to zero and therefore the total income will be adjusted accordingly to determine household eligibility.*

Household Size	Maximum Household Income for an AAA Scholarship	Maximum Household Income for a Family Empowerment Scholarship
1	\$38,640	\$48,300
2	\$52,260	\$65,325
3	\$65,880	\$82,350
4	\$79,500	\$99,375
<i>Each additional person add:</i>	\$13,620	\$17,025

You must complete the application process to find out if your child is eligible for a scholarship. Your child must be accepted by an eligible private school under their normal admissions policy. Students must follow all academic and discipline policies of the individual school. Schools are free to dismiss students who do not comply.
