INTRODUCTION

Florida state law requires Scholarship Funding Organizations (SFOs) to prepare a purchasing handbook detailing the authorized uses of scholarship funds.

This handbook serves as a guide to assist AAA scholarship student’s families to remain in compliance when requesting scholarship disbursements. It is not intended to provide detailed instructions on how to request a disbursement nor to prescribe any particular educational programs. Because each SFO is an independent non-profit organization they each have their own policies and procedures, it is important that you refer to your SFO’s purchasing Handbook and / or Parent Handbook for detailed information about their scholarship administration processes.

SCHOLARSHIP TYPES

Currently, there are two Florida income-based scholarship programs: the Florida Tax Credit Scholarship (“FTC”) and the Family Empowerment Scholarship for Educational Options (“FES-EO”).

Eligible FTC families may use the scholarship in one of two ways:

- 1) Full-Time Private School Scholarship - for students enrolled full-time at an eligible private school. Scholarship funds must be committed to payment of the tuition and fees of the eligible private school before any may be used for additional authorized purposes.

- 2) Personalized Education Program ("PEP") Scholarship - for students not primarily enrolled full-time in public or private school. Scholarship funds must be used by the parent/guardian to procure the services necessary to educate their students. The parent/guardian must annually submit a sworn compliance statement affirming that funds will be used only for authorized purposes serving the student's educational needs and that they are responsible for all excess expenses.

Eligible FES-EO families may use the scholarship in the same way as #1 above.

PURCHASING POLICIES

FES-EO and FTC scholarship funds must be used to meet the educational needs of an eligible student. Unless specifically stated, references to FTC include PEP.

Using a student’s scholarship funds for unauthorized purposes may violate Florida statute. For example, purchasing a product with scholarship funds, returning that product, and then spending the returned funds on items that do not meet the educational needs of the scholarship student may be against the law. Please contact your SFO if you have questions about a financial transaction using scholarship funds prior to engaging in this transaction.

SFOs may require guardians to use an online platform for purchases provided the guardian’s choice of curriculum or academic programs is not limited. SFOs may also reimburse guardians for their purchase of eligible products or services that meet their student’s educational needs. Please verify with your SFO that a purchase is eligible for reimbursement before making the purchase. All reimbursement requests must be properly supported. Proper support would include but not be limited to a copy of the paid receipt from the provider listing the educational items and/or services purchased, the date the items were purchased, or the services were provided, and the name of the student for whom the items/services benefited.

Refer to your SFO’s Parent Handbook for detailed information about their scholarship policies and procedures.

GENERAL PURCHASING PROVISIONS AND DEFINITIONS

Product Safety: For safety reasons, SFOs may review manufacturers recommended minimum age use when determining if an education product is appropriate for a student.

Age/Grade/Ability: SFOs reserve the right to deny a disbursement request if the item or service is determined to be inappropriate for the student's age, grade, or ability.

Monetary Benefit: A family may not receive a payment, refund, or rebate of scholarship funds from a vendor.

Out-of-State Service Providers: Except for credentialed providers whose services may be delivered virtually (e.g., tutors, Choice Navigators), services must be delivered in Florida.

Parent means either or both parents of a student, any guardian of a student, any person in a parental relationship to a student, or any person exercising supervisory authority over a student in place of the parent. For the purposes of this handbook, the term "Guardian" will be used to include all eligible parents and guardians of eligible FTC, PEP, or FES-EO students.

Purchase Location: Purchases made online through the direct buying platform must be shipped to the Florida residential address associated with the student's scholarship account.

Prorating Payments for Multi-User Items: Other family members often use products purchased with scholarship funds. Consequently, funding for these multi-user items is prorated to only cover the scholarship student's cost.

The agreed upon amount of tuition and fees for each student is a contractual agreement between the guardian and their eligible private school. We recommend guardians communicate with their preferred private school about what is required before enrolling their student.

For students utilizing the private school option for these scholarships, the SFO is obligated to commit funds on behalf of the student for tuition and fees for which the parent is responsible for payment at the private school before using scholarship funds for additional uses. The guardian must approve each payment to the eligible school before the SFO makes the funds transfer.
